It was wildflower season when the ANZAC's left Albany for World War I. Carried in their hats and hands were our state's wonderful wildflowers. To commemorate 100 yrs since the end of WWI, the summit of Mt Clarence in Albany will be covered in more than 13,000 illuminated glass globes as part of acclaimed artist **Bruce Munro's** 'Field of Lights: Avenue of Honour' installation. These globes represent the flowers the soldiers took with them... See the spectacle for yourself. 🌸

**Albany's Field of Light: Avenue of Honour**

A glowing tribute to our Anzacs.
